Career Choices

9th Grade Advantage

Make your transition to high school with confidence.

The Seattle Skills Center is offering **9th Grade Advantage** to incoming freshman who want to prepare for high school and post-secondary career-focused experiences.

In this free course, students will:

- Earn a .5 CTE or elective HS credit
- Develop skills in technology basics and MS Office
- Become Microsoft certification ready in Word, Excel, and PowerPoint applications
- Develop a High School and Beyond plan
- Explore career clusters and pathways
- Participate in career-focused field study activities and field trips
- Learn about Student Worker Rights and Responsibilities
- Learn to use high school resources
- Understand the importance of financial literacy in making decisions about college and career

Tips for High School Success

Absences add up:

Successful students miss no more than one day a month.

Stay in the passing lane:

Complete your work on time to increase your chance of success.

Ask for help when you need it.

High school staff want to help you.
